20th World Conference
Family Medicine - Care for Generations
26 - 29 June 2013 - Prague - Czech Republic

Welcome message from the chairman of Host Organizing Committee

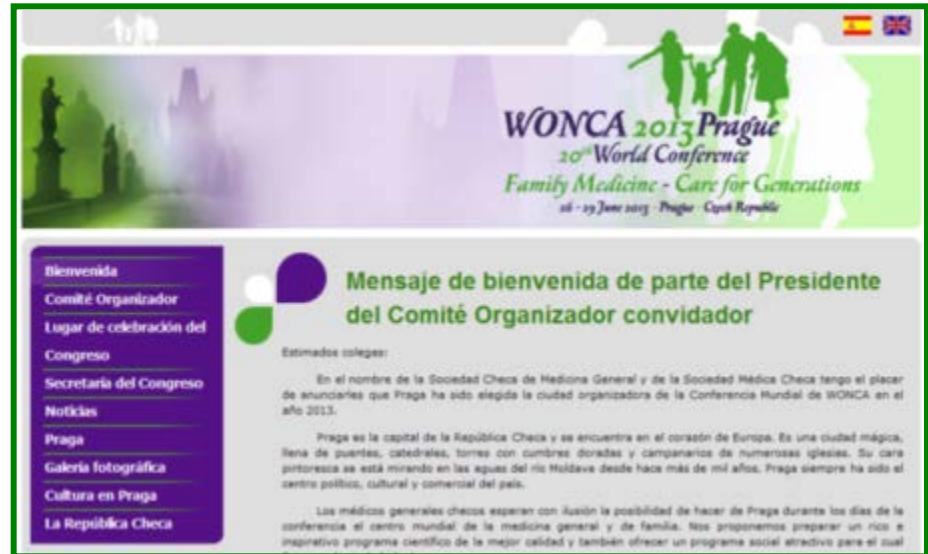

Dear colleagues,

On behalf of the Czech Society of General Practice and Czech Medical Association I have a great pleasure to announce Prague has become a city of WONCA World Conference 2013.

Prague is a capital of the Czech Republic and it is located in the heart of Europe. It is a magical city of bridges, cathedrals, gold topped towers and church spires. Its picturesque face has been mirroring in the surface of the Vltava river for more than a millennium. Prague has always been the political, cultural and business centre of the country.

The Czech general practitioners are looking forward to make Prague the world centre of general practice/family medicine for the time of conference. We are aiming to prepare rich and inspirative scientific program of the highest quality and to offer an attractive social program for which Prague is the most suitable city.

Mensaje de bienvenida de parte del Presidente del Comité Organizador convidador

Estimados colegas:

En el nombre de la Sociedad Checa de Medicina General y de la Sociedad Médica Checa tengo el placer de anunciarles que Praga ha sido elegida la ciudad organizadora de la Conferencia Mundial de WONCA en el año 2013.

Praga es la capital de la República Checa y se encuentra en el corazón de Europa. Es una ciudad mágica, llena de puentes, catedrales, torres con cumbres doradas y campanarios de numerosas iglesias. Su cara pintoresca se está mirando en las aguas del río Moldava desde hace más de mil años. Praga siempre ha sido el centro político, cultural y comercial del país.

Los médicos generales checos esperan con ilusión la posibilidad de hacer de Praga durante los días de la conferencia el centro mundial de la medicina general y de familia. Nos proponemos preparar un rico e inspirativo programa científico de la mejor calidad y también ofrecer un programa social atractivo para el cual
